**1. Prolific writers,** Ted and Seton Murphy, are in the later stages of bringing their highly regarded book, ***THE RUNNING WAVES***, to the big screen. With the insatiable demand for visual content, the worldwide network of TV and movie wholesale distributors are paying top dollar for movies of every genre and ilk. Studio-produced movies typically cost over \$100 million to produce and distribute, with many losing money...even with A-list stars. The secret to independent film making is that quality, full length feature movies can be made for as little as \$100,000 and begin making money for the investors from the very beginning. *(Award-winning 'SWEENEY KILLING SWEENEY' has been playing to sold out crowds at several of the local Showcase cinemas. Talks are in motion right now with several international distributors.)*

Having singing sensation, ***NICOLE MICHELLE***, as an integral part of this film will catch the attention of the Disney organization where Nicole is an important part of the recent release of **BERNIE THE DOLPHIN**, catering to the young adult audience. The movie stars nationally acclaimed actor and funny man, Lenny Clarke, whose most recent award-winning movie, *SWEENEY KILLING SWEENEY*, brought him rave reviews.

2. The names **TONY and RICHIE CONIGLIARO** are synonymous with '*the impossible dream*' and the '67 Red Sox. Our involvement with Richie Conigliaro spans 30 years of respect and friendship. Richie opened the first 'sports bar' in 1985 and is now in the process of buying a 240 seat, nightclub-sports bar in Burlington, MA with the intention of making this a model for other Conigliaro-themed bars. With all of the sports teams in Boston world-class champions, the time could not be better to take advantage of the marketplace. Located on the Burling-Billerica line, this property was renovated to its present status with an investment of almost \$2M. Richie is acquiring the business for half its cost. In the same way that the marijuana craze is sweeping the nation, **the legalization of sports betting is expected to generate 37 times more tax revenue.** SPORTS BARS are the main beneficiary of this added attention to sports.

On December 14th, Richie hosted a huge Christmas party with music by the iconic **JAMES MONTGOMERY**, blues legend **SHOR'TY BILLUPS**, country super star **AYLA BROWN**, and a bevy of sports stars, cheer leaders, and the icons of comedy. The purpose was to show friends and investors in particular how Richie can fill the place most nights of the week.

**(New Zealand Ambassador Scott Brown and actress Sherryn Smith)**

Our intentions are to invest \$350,000 to acquire a 25% equity interest in all clubs opened by Richie Conigliaro.

Additionally, the final version of a script for **THE IMPOSSIBLE DREAM**, the life story of the incredible Tony Conigliaro, is nearing completion. AVCC will be an active participant, including our investors, in the monumental film treatment of his life and with the Red Sox. The audience is national and international. You will be a part of it...**CONIGLIARO'S LEGENDS**

***(2018 WORLD SERIES CHAMPS-Brock Holt, Richie, Steve Price MVP and HALL OF FAMER...JIM RICE)***

**3. OPIOID ADDICTION** is a national disgrace and rampant throughout our country. The children of opioid-addicted parents are suffering the most. An effort is being made to build and support **ANGEL TOWN HOMES** for these displaced

children...much like the 'BOYS TOWN' in Nebraska, which was the result of the success of the academy award-winning movie of the same name back in the 40's.

AVCC, with the contribution of the music and entertainment industries, will host a series of **ANGEL TOWN CONCERTS**. Money raised will fund the movie, **ANGEL TOWN**. A percentage of the proceeds will inure to AVCC and its investors, and the balance to the establishment of ANGEL TOWN HOMES across the country. The script for the movie is in process.

**As opposed to other investments that you can make, ANGEL VENTURE CAPITAL CLUB makes it possible for you and your family to participate in every investment we make. Our investors in the award-winning 'SWEENEY KILLING SWEENEY' movie can be seen on the big screen...great fun.**
